

Welcome to HDI

With over 50 years experience in the business, HDI is your partner for quality garments and fabrics in the Far East, offering both garment manufacturing and fabric sourcing. Based in Hong Kong, HDI maintains a production office in Hangzhou, China; a representative office in Munich, Germany and an independent agent in France.

Sourcing & Merchandising

Whether accessories and fabric sourcing or full scale bulk production, HDI is your partner at every step.

Experience & Expertise

From early development to bulk production, HDI has the experience and expertise to handle your needs.

One Stop - Full Service

From pattern making and grading to prototyping and sampling, HDI provides all the services you need.

Company History & Profile

Established in Hong Kong in 1962, HDI has acquired extensive experience in the garment production business in the Far East. Our dedicated, multilingual account managers provide the most customer oriented service in the region.

Independent & Family-Owned

HDI is an independent, family-run and family-owned business established in Hong Kong in 1962. HDI is not affiliated with or exclusively bound to any specific customer, brand or label, ensuring our customers a competitive and confidential service. With over 50 years experience in the garment business, HDI's expertise ranges from high-end ladies fashion to casual and outdoor wear.

Dedicated Account Managers

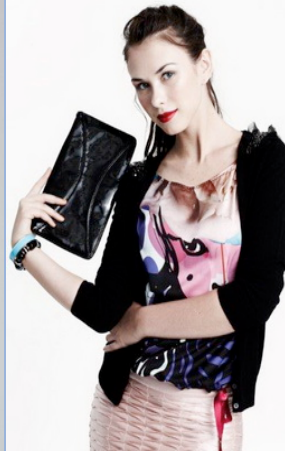

HDI assigns at least one fully dedicated account manager to each customer, ensuring a reliable, prompt and competent service. At HDI customers need only interact with a single person responsible for all communication. Our account managers are fluent in written and spoken English, German, French and Spanish, giving customers the comfort and ease of communicating in their native language.

One Stop Service

From design development through pattern making and grading to prototyping and sampling, HDI provides all the services our customers need to get their garment designs to the production stage. With an extensive network of fabric and accessories suppliers, HDI can even source and supply all required materials. HDI's partner factories can handle bulk production quantities ranging from small one-off orders to mass production with recurring orders.

Social & Environmental Responsibility

At HDI we believe strongly in both environmental and social responsibility. Our fabric and accessories suppliers are required to adhere to the strictest environmental protection guidelines, while our partner factories are open to inspection by any customer, to ensure compliance with all their social and environmental responsibility policies.

Garment Merchandising

Maintaining an extensive network of modern garment factories in North, Central and South China, HDI offers professional, reliable and flexible high-quality garment production.

Lasting Factory Partnerships

HDI has established long-lasting partnerships with factories throughout China since the early 1970's. Regularly booking significant production capacities with partner factories places HDI in a strong position to negotiate the lowest prices and shortest lead-times. Our partner factories are highly specialized, focusing either on co-ordinate items, blouses, dresses and knit; or outerwear, down and functional wear.

Independent Quality Control

Our extensive network of experienced technicians and independent quality controllers ensures the highest quality standards while maintaining tight delivery schedules. From initial fabric inspection through workmanship monitoring on the production line to final garment inspection before shipping, our dedicated quality controllers closely follow every step in the production process.

Pattern Making & Garment Sampling

Whether customers provide only sketches or fully developed styles, HDI can arrange any necessary pattern making and grading as well as all prototyping and sampling.

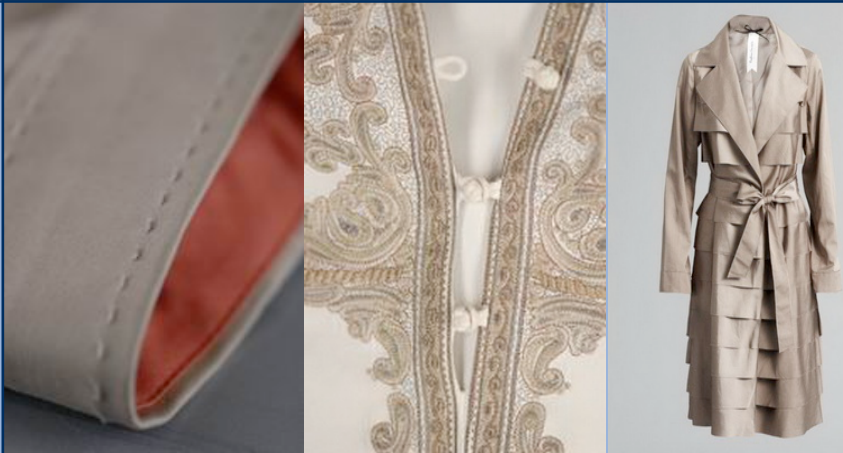

Bulk Production

Total production lead time can vary greatly depending on greige availability and fabric dyeing lead times; design requirements like quilting, embroidery or beading as well as total order volume and available production capacities. Extensive sourcing and

production experience enables HDI to achieve the shortest possible lead times.

Accessories Sourcing

HDI's professional team of merchandisers can source any necessary accessories such as linings and interlinings; zippers, buttons and snaps; belts and buckles; labels and more. Depending on customer requirements, HDI can provide high quality brand accessories or source accessories from local suppliers at very competitive prices.

Fabric & Accessories Sourcing

With an extensive network of suppliers throughout the Far East, HDI has access to the most exclusive and innovative fabrics and accessories in the region.

Fabric Trends & Innovations

Sourcing fabrics from across the region on a regular basis, HDI offers the hottest trends and innovations from exclusive suppliers in Japan, Korea, China, Hong Kong and Taiwan. With a constantly evolving fabric collection containing more than 10,000 woven fabrics and knit items as well as imitation furs and leathers, our customers can choose from a wide selection of conventional and cutting-edge fabrics.

Strong & Reliable Suppliers

Strong business relations spanning over 40 years with fabric mills, yarn producers and printing specialists enable HDI to offer a reliable selection of high quality fabrics, yarns and prints at the best prices and with the shortest lead-times.

Exclusive Print Fabrics

Extensive experience with specialized suppliers enables HDI to offer unique and exclusive printed woven fabrics based on silks, natural fibers and synthetics. Apart from screen, discharge and rotary printing, HDI also has extensive experience

with advanced, innovative printing techniques such as flocking, rubber, foam and silver printing as well as embossing and punching.

Full Service Sourcing

HDI offers full service sourcing by handling all necessary steps from lab-dips, coupons and sample yardages to bulk fabric orders, quality control and financing.

Fabric Sampling

HDI delivers lab-dips, strike-offs and sample yardages as requested. HDI can also arrange standardized compliance tests

for fabrics and accessories with internationally renowned partners.

Bulk Fabric

HDI handles all bulk fabric orders and can arrange financing and quality control. HDI only works with piece goods that meet the Oeko-Tex® Standard 100 and are guaranteed to be Azo-free.

Fashion Concepts

Embracing the newest design and fabric trends, HDI's own Fashion Concepts garment collection highlights our capabilities in fabric sourcing and garment manufacturing.

Fashion Concepts

Embracing the hottest trends and innovations, Fashion Concepts not only demonstrates HDI's manufacturing expertise throughout a highly diverse product range; our garment collection also serves as an inspiration for our customers.

Ladies & Men's Fashion

From luxurious elegance to casual comfort, HDI's ladies and men's fashion collection presents fresh colors, exclusive patterns and the finest decorative details like beading, embroidery and exclusive accessories. Whether elegant ladies blouses based on

exclusive print fabrics or classical men's blazers based on fine wools, silks and linens, our extensive experience and exclusive fabric suppliers ensure the highest quality garments.

Elegant Outerwear

Stylish jackets, coats and parkers made from delicate fabrics highlight HDI's elegant outerwear collection. Padded or quilted with the finest goose or duck down, decorated with fancy embroidery or luxurious fur and leather trimmings, our elegant outerwear collection showcases the whole spectrum of luxury outerwear,

from delicate summer jackets to cozy winter down coats.

Functional Outerwear

From water-proof to water-repellent, HDI's rugged yet stylish functional outerwear collection highlights cutting-edge breathable, moisture-permeable fabrics for stylish functional outerwear. With over 20 years experience in GoreTex® and Sympatex® garment manufacturing, HDI has extensive expertise in functional outerwear manufacturing based on advanced high-tech materials.

Knitwear

With cardigans, sweaters and pullovers, HDI's knitwear collection showcases natural, soft and exclusive materials like cashmere and fine wools.

Sports & Casual Fashion

Including fitness and gym wear as well as casual fashion, HDI's sports and casual fashion collection highlights our experience in garment manufacturing with advanced synthetic fabrics like Supplex® and Tactel®.
